The fund will be open to individuals, arts organisations, museums and libraries. Until 31 August 2021, the fund will focus on the needs of smaller independent organisations and individual practitioners | England           | In response to the Covid-19 crisis, the programme will be improved to make it more responsive to the needs of smaller independent organisations and individual practitioners, whilst still including a budget for grassroots music venues, touring extensions and national activities over and under £100,000. | Grants of between £1,000 and £100,000 will be available from the £77.9 million rolling funding programme until April 2021 to support those in the cultural sector and for work that has longer term positive impact such as Research and Development.                                                                                       | High number of applications are expected therefore unable to offer a time sensitive permission process.
