

## COVID-19 pandemic

| Variables                              | 2019<br>(n=570) | 2020<br>(n=622) | P value |
|----------------------------------------|-----------------|-----------------|---------|
| Age, mean                              | 70.93±16.45     | 70.41±16.21     | 0.585   |
| Male gender                            | 353 (61.93)     | 394 (63.34)     | 0.614   |
| Location                               |                 |                 | 0.163   |
| Home                                   | 453 (79.47)     | 514 (82.64)     |         |
| Others                                 | 117 (20.53)     | 108 (17.36)     |         |
| Witness of collapse                    | 207 (36.32)     | 251 (40.35)     | 0.152   |
| Bystander CPR                          |                 |                 |         |
| Overall                                | 301 (52.81)     | 409 (65.76)     | <0.001  |
| Public place (n=225)                   | 65/117 (55.56)  | 72/108 (66.67)  | 0.088   |
| Home (n=967)                           | 236/453 (52.10) | 337/514 (65.56) | <0.001  |
| Automated external defibrillator shock | 134 (23.51)     | 197 (31.67)     | 0.001   |
| EMT response time (seconds)            | 389.7±201.8     | 445.8±210.2     | <0.001  |
| Numbers of rescuer                     |                 |                 | <0.001  |
| 2                                      | 393 (68.95)     | 504 (81.03)     |         |
| 3                                      | 173 (30.35)     | 115 (18.49)     |         |
| 4                                      | 4 (0.70)        | 3 (0.48)        |         |
| Airway and oxygen management           |                 |                 | 0.253   |
| Supraglottic airway                    | 499 (87.54)     | 537 (86.33)     |         |
| Bag valve mask                         | 67 (11.75)      | 74 (11.90)      |         |
| Non-rebreathing mask                   | 4 (0.70)        | 11 (1.77)       |         |

CPR, cardiopulmonary resuscitation; EMT, emergency medical technician.
