

SA Objective	Commentary	Draft Policies				
		S.CF1: Supporting community facilities	D.CF2: Existing community facilities	D.CF3: New community facilities	Policy D.CF4: Public houses	Cumulative Effect of the Draft Policies
	<u>Uncertainties</u> None identified.					
5. Transport and mobility: Create accessible, safe and sustainable connections and networks by road, public transport, cycling and walking.	<u>Likely Significant Effects</u> Policy S.CF1 and Policy D.CF3 direct proposals for new facilities and services to accessible locations including Town Centres and areas in accessible locations. As such the policies would link new community facility development with sustainable transport provision and could encourage sustainable modal shifts when accessing these facilities and services, resulting in a major positive effect on this SA objective. There is no clear relationship between the other policies and this SA objective. <u>Mitigation</u> None required. <u>Assumptions</u> None identified. <u>Uncertainties</u> None identified.	++	~	++	~	++
6. Education: Increase and improve the provision of and access to childcare, education and training facilities and opportunities for all age groups and sectors of the local population.	<u>Likely Significant Effects</u> Policy S.CF1 requires development proposals to contribute positively to maintaining and expanding existing, and delivering new community facilities, including education facilities. This would directly contribute to this SA objective through enhancing education opportunities and facilities and supporting the Council in continuing to discharge their statutory education duties. Policy D.CF2 includes criteria for the extension of existing schools and a significant positive effect is identified. Policy D.CF3 provides support for the delivery of an expanded network of pre-school, school, further and higher education facilities and upgraded Ideas Stores (see supporting text to the policy). This would directly contribute to this SA objective through enhancing a range of education opportunities and facilities, which could also increase opportunities for adult learners to retrain or upskill. There is no clear relationship between Policy D.CF4 and this SA objective. <u>Mitigation</u> None required.	++	++	++	~	++
